Dear Harold,

Thanks for writing. I'll try to pick out and copy for you the most important material which comes my way - such as the enclosed exchange of letters between Keuch of the JD and Committee people. I suppose you've seen Gaeton Fonzi's long piece in the current Washingtonian. Not persuasive on either Phillips or Blakey.

The extra copy of some of my CIA notes was already gone when I got Lil's letter of the 2nd. I'm pretty sure I did send you all of this material earlier, as I produced it. Here's a copy of the listing of my "CIA notes" file, and of course you are welcome to a new copy of any of it you want.

If any of us are entitled to rest on our laurels, it's you! But I hope you'll be able to keep up the good work.

With best regards,

Paul
